CNIBF 2024

EXHIBITION PROFILE

500+ Exhibitors
60,000+ Professional Visitors
50,000m² Exhibition Space
80+ Purchasing groups

CNIBF, the leading Battery and Energy Storage exhibition in China, first launched in 2010 and has more than 23 years of history.

As the earliest Battery and Energy Storage industry exhibition in China, CNIBF is undoubtedly the one-stop platform for batteries, charging piles, energy storage, super capacitors, new energy vehicles, which attracted well-known companies and professionals from all over the world to participate and brought the latest products and technologies, such as Panasonic, LG, Samsung, MAXCESS, SK CHEMICALS, TUV RHEINLAND, ZTE, BYD, ABB, Star Charge, Te Laidian, China Southern Grid Electric etc

Leading Brands

Exhibit Profile

- **RECHARGEABLE BATTERY:** Lithium-ion Battery, Nickel Cadmium Battery, Air Cell, Energy Storage System, Nickel Metal Hydride Battery etc
- **CAPACITOR:** Electric Double-Layer Capacitor, Hybrid Capacitor, Electrolytic Capacitor etc
- **MATERIALS/COMPONENTS:** Positive Electrode Material, Negative Electrode Material, Electrolyte, Separator, Hydrogen Absorbing Alloy etc
- **MANUFACTURING EQUIPMENT:** Electrode Manufacturing Equipment, Mixing Machine, Coating Equipment, CVD Equipment, Insulator etc
- **TEST/MEASUREMENT EQUIPMENT:** Charge/Discharge Test Equipment, Impedance Measuring Equipment, Filling Measuring Equipment etc
- **OTHERS:** EV Battery / Application, Dry Room/Humidity Regulator, Battery Case, AC/DC Converter, Transformer, Electric Breaker

2023 Show Report

Help companies complete deals is our pursuit!

The exhibition contributed to onsite intended transaction amount reaching 210 million RMB

Exhibitor Feedback What our Exhibitors Say?

TELD+

We gained a lot from this Exhibition. We had a lot of exchanges with friends in the industry during the service process, which can make our industry develop more healthily. We also hope that there will be more and more exchange platforms like this in the future so that we jointly promote the development of the new energy industry.

nFore+

I hope Zhenwei exhibition group can hold more exhibitions like this to give us a larger position and display space, and grow together with this Exhibition. We have gained a lot from this exhibition and I hope our business can get more cooperation.

TechOne+I

Through this exhibition, we can discuss with more peers and customers, which provides a basis for us to launch better solutions and products in the future. We also wish this Exhibition will be held more better!

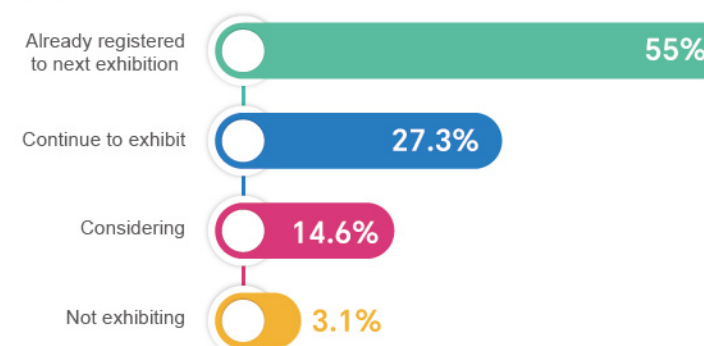

Shenzhen Bolink+I

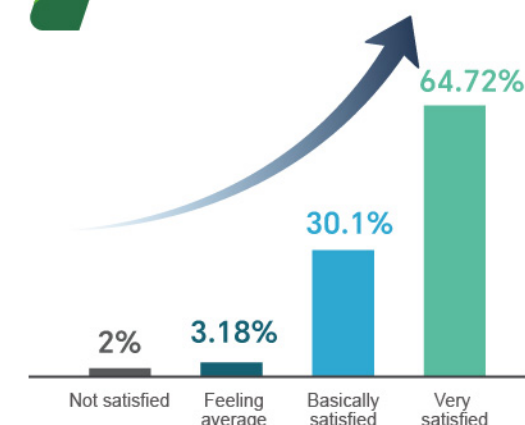

At this exhibition, we met many new and old friends, which broadened our understanding of this market. We gained a lot. This exhibition was very successful and we will be willing to actively participate in this exhibitions in the future.

Visitor Feedback What Our Visitors Say

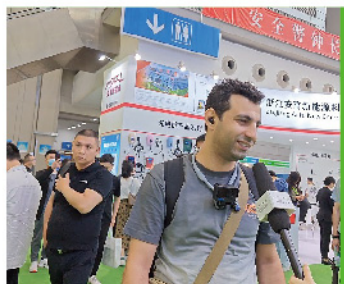

I think this exhibition is a good opportunity. Many new customers come to visit the exhibition and negotiate with enterprises. This exhibition is a good opportunity. Whether you come here to find new customers, it will also bring more business opportunities to the Chinese market and the international market.

---Buyer from Southern America

We came to this exhibition to find charging piles, charging pile accessories and other products. The suppliers at this exhibition fully met our requirements. We visited less than half of the venue on the first day, and continued to purchase on the second day. I feel that the market for electric vehicles and charging piles in China is very developed.

--- Buyer from Russia

I think this exhibition is a very important one among the various exhibitions I visited, so I came and found that the scene was full of technology. I learned a lot about the latest new technologies and useful news in the industry at the exhibition. I look forward to coming back to this exhibition!

--- Buyer from Europe

We will definitely visit the charging pile exhibition held in our city. In addition to comparisons, a lot of work has been done in this area.

--- Buyer from China

The on-site exhibits are very rich, including charging piles, supporting facility solutions, smart parking systems, connectors, photovoltaic systems, energy storage systems, charging facility construction and operation solutions, and integrated photovoltaic, storage and charging solutions, providing us with a We are very pleasantly surprised by the one-stop purchasing platform.

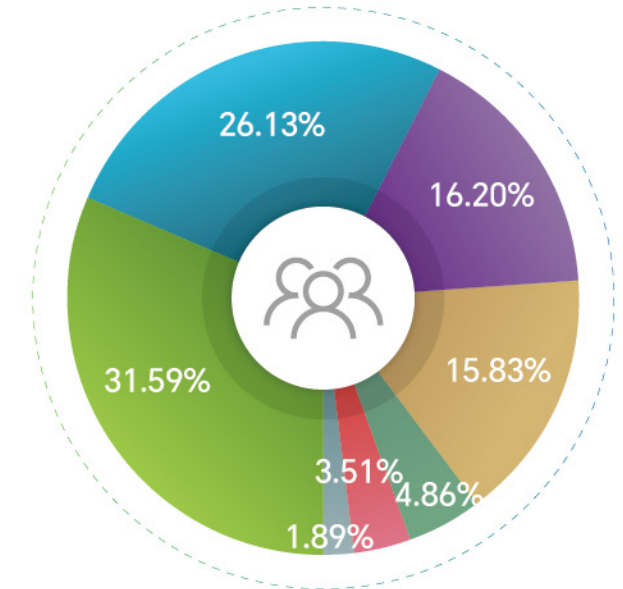

--- Buyer from China

Data Analysis Of Exhibitors

02

Classification by audience function

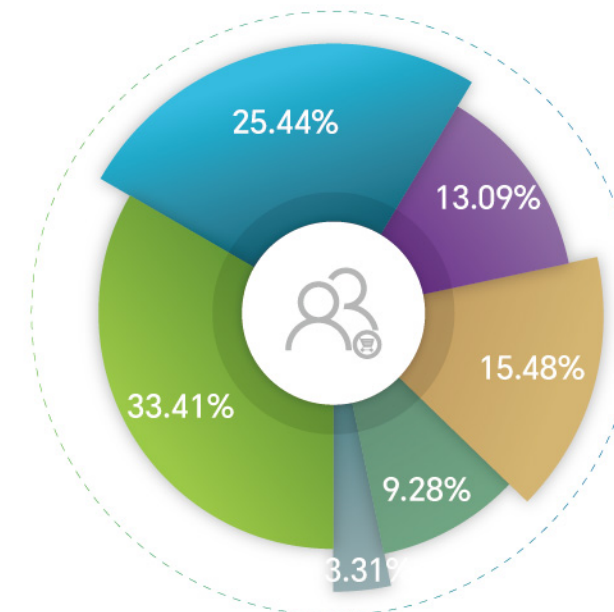

Marketing/Sales	31.59%
Management	26.13%
Research/Technology	16.20%
Buyers	15.83%
manufacturing	4.86%
Engineering/Maintenance	3.51%
Other	1.89%

03

Classification by Audience Purchasing Role

Gather market information	33.41%
Purchase products	25.44%
Seeking agency/co-investment	13.09%
Participate in technical exchange meetings	15.48%
meet clients	9.28%
As a reference for the next exhibition	3.31%

Signature Event

1 China's Most Beautiful Charging Operation Station Award

Jointly build a beautiful operating circle for charging facilities

2 45+ sessions Business Matching

Providing an unparalleled platform for manufacturers and invite professional buyers with dedicated one-to-one business matching Opportunities.

3 50+ Expert-Lead Conference & 120+ Industry experts

Authoritative institution, Industry experts, Renowned business leaders will engage in in-depth discussions and exchanges on industrial hot topics and offer relevant solutions.
