

EXTRA-F TROLLEY

EXTRA-F Series Products: A horizontal moving device specially designed for the EXTRA-T electric chain hoist. Equipped with the IAC frequency control system, it ensures smooth start and stop during horizontal movement and provides anti-sway functionality when handling loads. It is the perfect solution for opening and closing screens and other horizontal movement needs.

Single Track Series

Parameter

Name	Model	Work level (ISO)	Max speed (mm/s)	Operating power (kW)	Load persistence rate (FC%)	Max load (kg)	Track width (mm)	Net weight (kg)	Dimensions (mm)
Trolley M	EXTRA-F-M-2T	M5	600	1.3	40	2000	98	51.7	535×341×296
Trolley S	EXTRA-F-S-2T	M5	600	--	--	2000	98	39.8	446×249×296
Wire Trolley	EXTRA-F-W-S	M5	600	--	--	50	98	1.75	165×140×160

Functional Characteristic

TROLLEY M

TROLLEY S

WIRE TROLLEY

Smooth starting and braking
Stable operation with low noise
Anti-sway functionality during load handling
Quick installation and commissioning
Plug-and-play features for rapid usability
Electric trolley with frequency control, energy-saving, and eco-friendly
Dual screw rod design for safety and stability

Parameter

Name	Model	Work level (ISO)	Max speed (mm/s)	Operating power (kW)	Load persistence rate (FC%)	Max load (kg)	Track width (mm)	Net weight (kg)	Dimensions (mm)
Double-Drive Trolley M	EXTRA-F-M-D	M5	600	1	--	1500	308	52	500×368×276
Double-Drive Trolley S	EXTRA-F-S-D	M5	600	--	--	1500	308	37	392×285×290
Rotating Trolley	EXTRA-F-R	M5	600	0.75	--	1000	308	38	356×168×422
Wire Trolley	EXTRA-F-W-D	M5	600	--	--	40	308	1.67	222×116×70

DOUBLE DRIVE TROLLEY M

DOUBLE DRIVE TROLLEY S

WIRE TROLLEY-D

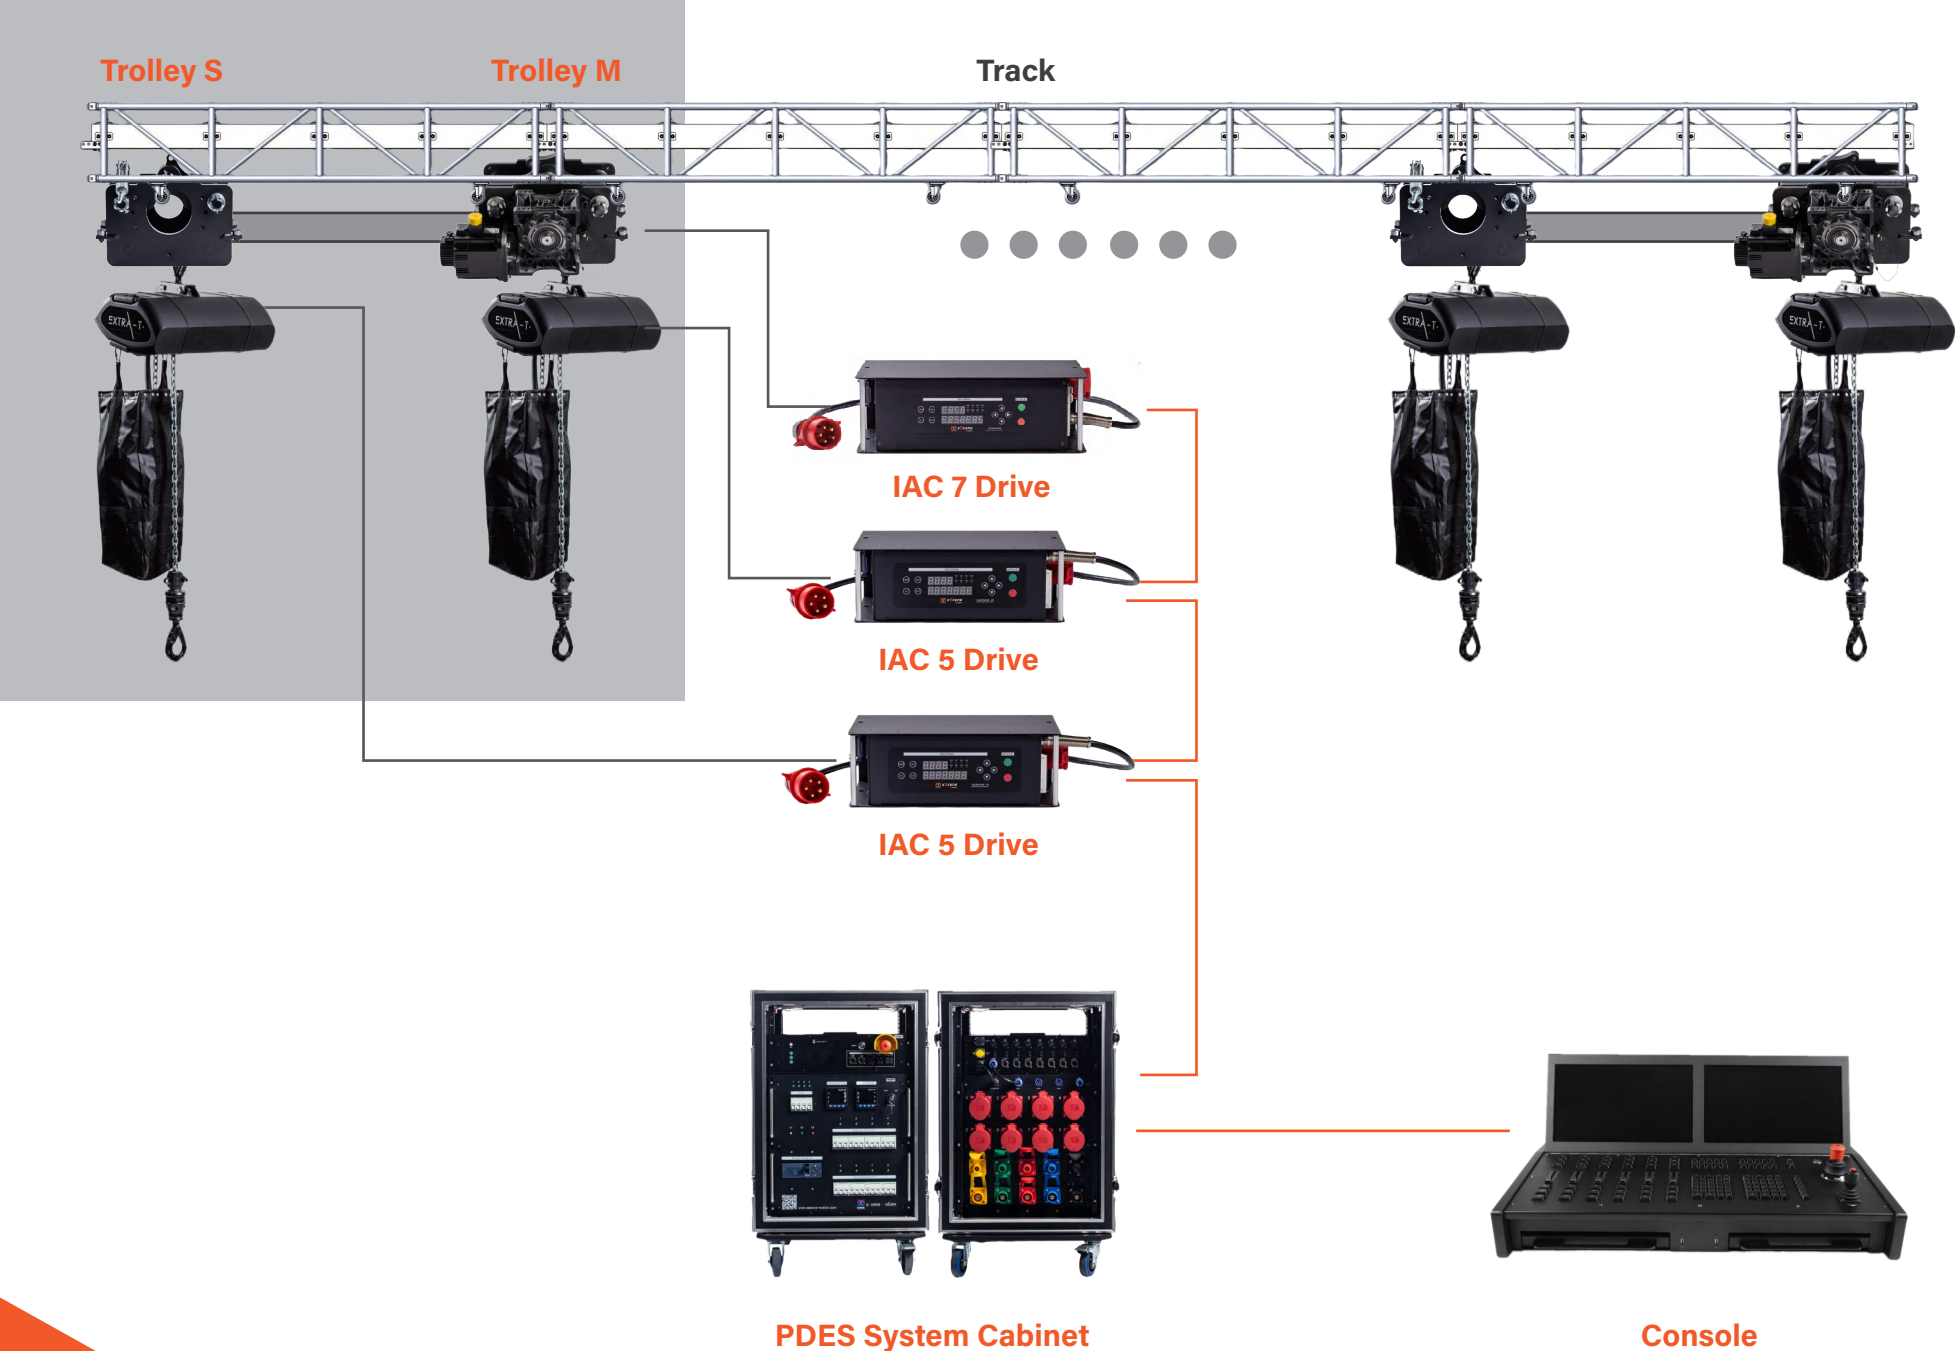

ROTATING TROLLEY

Functional Characteristic

Smooth startup and braking
The two-stage planetary gearbox operates stably with low noise
Anti-sway functionality during load handling
Quick installation and commissioning
Plug-and-play feature for rapid usability
Electric trolley with frequency control, energy-saving, and eco-friendly
Suitable for dual-track TRUSS frame track
Curved track uniquely designed for smooth and stable trolley turns
360-degree rotating trolley for complex movements
