

Wireless Conference Speakerphone Omnidirectional Pickup + Wireless Cascading

Equipped with multiple array professional omnidirectional microphones and self-developed AI audio algorithms, the POD3 creates a 360° intelligent sound field covering a radius of 5 to 10 meters, enabling accurate capture and natural restoration of human voices without dead angles in meeting rooms.

It supports dual-mode connection via Bluetooth and USB, as well as one-click wireless cascading. The sound pickup range can be flexibly expanded according to meeting scales, perfectly fitting large meeting room scenarios. Compatible with mainstream video conferencing platforms, it boosts efficient team collaboration and ensures clear and powerful voice delivery every time you speak.

Product Highlights

Wireless Cascading

Supports wireless daisy chaining of two units to expand the voice pickup range and power, while ensuring a neat and tidy desk.

Hi-Fi speaker

Built-in Hi-Fi speaker with excellent bass performance. Speaker power doubles when cascaded.

Long Battery Life

Built-in 3000mAh lithium battery, offering up to 8 hours of playback for clear, smooth, and stable audio and video experience.

3A Audio Processing

Built-in AI audio processing algorithms, including source separation (SSP), reverb suppression (De-Rev), intelligent noise reduction (ANS), and automatic gain control, to ensure the voice is real and clear even in a noisy environment.

Microphone Array

Built-in microphone array for 360° omnidirectional pickup. When two units cascade, it enables simultaneous amplification and audio capture, expanding both pickup and playback range.

Versatile Connectivity

It supports connection via Bluetooth, a wireless USB dongle, or a USB cable, enabling easy connection for various occasions.

Compatible
Software:

zoom

Microsoft Teams

Google Voice

Connection Diagram

Microphone Specifications

- Microphone Array: 4-channel circular microphone array
- Single Mic Unit Type: Omni-directional MEMS silicon microphone
- SNR: 64.5dBA
- Microphone Sensitivity: -26dBFS
- Effective Pickup Distance: Up to 10-16ft
- Core Audio Algorithms: 360° circular sound source tracking, directional beamforming, full-duplex calling, AI noise reduction, voice enhancement

Speaker Audio Specifications

- Frequency Response: 20Hz ~ 20kHz
- Nominal Impedance: 4Ω
- Peak Power: 5W
- Rated Power (RMS): 3W
- Maximum SPL: 120dB
- Channel Configuration: Cascaded Left & Right Stereo Channels

Connection Methods

- Connection Options: Type-C Cable, Bluetooth, USB Bluetooth Dongle, Cascade
- Included Cable: USB-C to USB-A Cable, 1.5m length
- Bluetooth Version: Bluetooth 5.3
- Bluetooth Transmission Range: 10m effective transmission distance in obstacle-free environment
- USB Bluetooth Dongle: Dedicated matching USB Bluetooth Dongle (Optional Accessory)
- Simultaneous Paired Devices: 2 Bluetooth device
- Supported Bluetooth Profiles: A2DP, AVRCP, HFP; SBC audio codec

Battery & Application Scenarios

- Battery Capacity: 3000 mAh
- Battery Type: Lithium-ion Battery
- Participants per Single Unit: 8-15 people
- Expanded Participants (Daisy-Chain): 16-25 people
- Applicable Scenarios: Small Discussion Rooms, Medium Conference Rooms, Large Conference Rooms
- Input Spec: 5V/1A
- Average Operating Power Consumption: 1.4~1.48W
- Battery Life: ≥8 Hours

System Compatibility

- Supported Conference Software: Zoom, Microsoft Teams, Webex and other mainstream meeting platforms
- Supported Operating Systems: Windows10/11, macOS 10.10 and above

Main Unit Basic Specifications

- Dimensions (W × H × D): 5.12 in × 5.12 in × 1.38 in (130 mm × 130 mm × 35 mm)
- Weight: 0.71 lbs (324 g)
- Warranty: 1-Year Full Unit Warranty

Packaging Specifications

- Single Box Dimensions (L × W × H): 7.0 in × 6.8 in × 2.8 in (177 mm × 172 mm × 72 mm)
- Single Box Gross Weight: 1.03 lbs (466 g)
- Master Carton Quantity: 20 units per carton
- Master Carton Dimensions: 15.0 in × 14.8 in × 14.6 in (382 mm × 376 mm × 372 mm)
- Master Carton Gross Weight: 23.15 lbs (10.5 kg)

Package Contents

- 1 * POD3 Bluetooth Conference Speakerphone
- 1 * Quick Start Guide
- 1 * 1.5m USB-C to USB-A Cable
- 1 * USB Dongle (Optional Accessory)
