/ Company Profile /

Recertop Outdoors Limited is a fishing lure expert factory. Whole self-production processing includes mold CNC processing, plastic injection, metal casting, assembling and painting, we are available to custom your lure molds, colors, logo and packaging.

We are good at lure swimming action research and lure design, our efficient pro team work out 20-30 new baits for Japan, Canada, Denmark customers each year. All new lure prototypes will be tested in indoor pool and outdoor lake, which ensures its perfect action. Our vibrant team are dedicated to creating more professional outdoor products.

The factory always enforce Total Quality Management policy, every worker need to be trained and get QC license before work in warehouse and production line, they take examination every month to update the fresh quality issues. Accordingly, the products quality get guarantee from raw material to finished goods.

/ Our Service /

OBM
Fully quality Recertop finishing lure products with standard trademark packaging. Fast and safe shipping, to help customers get out of high inventory pressure. Recertop products based on a consistent quality system and the distributors would get excellent warranty service.

ODM
Currently, we have more than 100 products and many new products come out every year. They can meet most customers' requirements - custom brands, colors and packaging are available.

OEM
With our strong capability of lure design and swimming action research, any idea, images, samples or drawing, we can make them break products. With the help of professional carving and 3D prototyping, all lures are tested in the water before every manufacturing program starts.

| NAME | SIZE | WEIGHT | HOOK | DEPTH | TYPE |
|--------------|------|--------|------|----------|----------|
| 3D Rat Waver | 80mm | 14g | #6 | Topwater | Floating |

Target to monster bass, peacock bass, and Murray cod, the 3D Rat Waver brings explosive buzz-crawling action to the world of extreme topwater lures. With a slow retrieve, the 3D Rat Waver generates micro pitch waves, evoking a small school of fish that swarm to weakened bait. When you speed up your retrieve, it takes off with a buzzing-crawl and calls up fearsome topwater eruptions.

| Salt Popper | 150mm | 165g | #3/0 | 6m+ | Sinking | Through wire |

The Saltwater Popper Lure is available in four different weights. Floating is 1.5oz and other sinking models are 3.5oz, 4.8oz, 5.8oz. The heavier the weight, the faster it'll sink in a current. This lure is made with durable ABS plastic and through wire construction. It has a one piece weight which allows it to sink tail first without wobble, rear and belly are attached with size #3/0 treble hooks. While this lure is technically a popper, you can use it like a jig to fish various depths of water.

FT2306 Fish Jaw Grip & Line Cutter

| | |
|---------------|-------------------|
| Certification | |
| Material | PA |
| Size / Weight | 166*77*32mm / 80g |
| Cutter | Carbide |

- Function
- Fish Jaw Grip
 - Fishing Line Cutter

- Feature
1. Strong PA plastic material.
 2. Lighter weight than metal grip, easy to take.
 3. Easy to hang on bag/clothes.
 4. Hand guard, safe and clean to grip fish.
 5. New way to grip and lift fish, better for taking photo.
 6. Sharp carbide fast cuts fishing line.

NEW

FT2201 Fishing Line Spooler & Remover

Function

- Helps to upload fishing line from coil to reels.
- Discharge and reserve fishing line to coil when replacing lines from reel.

Feature

1. Drag design - Rotate knob offers tight or loose drag to lines, helps to transfer lines smoothly.
2. Suitable to any rods - The foot designed with soft rubber, suitable to many kind of rod sizes.
3. Easy to operation - Clamping spooler foot on rod, just retrieve reel to transfer the lines.
4. Anywhere to use - Clamp foot makes it possible to use anywhere, in house or outdoor, even on boat.
5. Suitable for casting and spinning reels.
6. Fishing line spooler and line remover 2 in 1.

FD2303 Self-Heating Coffee Maker

| | |
|----------------|-------------------------|
| Type | Offline Extraction |
| Heating | Self Heating |
| Size / Weight | 69*69*203mm / 640g |
| Pressure | 20Bar |
| Battery | 7500mAh |
| Charging Time | 3.5h |
| Water Capacity | 80ml |
| Compatibility | Capsule & Ground Coffee |

Easy to make Italian Espresso, Americano, Latte, Cappuccino, Perfect for traveling hiking camping coffee maker, Cafetera portatil expresso para viaje, cafeteras electricas expresso, Car coffee maker on the go, Electric, Self heating, Rechargeable.

【LIGHTWEIGHT & PORTABLE】 Weight: 1.4 pounds and height: 8 inch. Fistrike portable coffee maker is the most compact electric espresso machine with heating function on current market. Coming with a protective carrying bag, it is convenient to bring your favorite capsule or ground coffee on the go. Ideal for traveling, camping, hiking, picnic, home and office.

【HEATING FAST & POWERFUL】 This portable espresso maker features with ceramic heating tech and brews espresso coffee (96°C /205°F) in 3 ~ 4 minutes. 20 bars pressure keeps the capsule/ground coffee extracted perfectly and ensures the espresso with rich crema and aroma. Compatible with NS capsule and ground coffee.

【RECHARGEABLE BATTERY】 With a built-in 7500mAh rechargeable battery, it can heat and extract 3-4 cups of hot espresso with cold water (50ml/cup) or 2 cups of espresso with full filled 80ml water, or over 100 cups if adding hot water to brew. Before first use, please fully charge this mini coffee maker with 10W/15W adapter. It takes 3 ~ 3.5 hours to fully charge it under this power adapter.

【EASY OPERATION】 Performing both cold brew and warm brew. There are 3 ways for brewing. 1. Cold Brew: Adding cold water then quick double press the button, it extracts directly. 2. Warm brew with hot water: Adding hot water and double press the button, it extracts directly. 3. Warm brew with cold water: Adding cold water and press & hold the button for 2 seconds to heat the water, after 3~4 minutes, double press the button to extract and brew a cup of warm coffee.

【PROTECTION FEATURES】 Boil-dry safety protection if it detects no water inside. Heat-insulated design ensures no any heat damage causes. Intelligent LED indicator shows the battery level and the temperature status of the heating water.
