

Description:

Sensor

Type:

VIA SENSORIS

Technical data:

Type	VIA SENSORIS
Construction type	Integrated
Medium	Gas, Liquid, Coolant
Drive	Electromotive
Operational voltage [V]	DC15~33
Measuring range	30~300mm
Electrical connection	4-pin aviation plug
Output signal	4~20mA
Installation position	G1/2,M20×1.5,M27×2 male thread
Temperature range [°C]	-50 to +300
Temperature range [°F]	-13 to 572
Protection class	IP67
Accuracy	±0.25% F.S., ±0.5% F.S., ±1.0% F.S.
Housing Material	SUS316
