

Description:

Fluid Purification System

Type:

FS/WPL

Technical data:

Type	FS/WPL
Operational voltage [V]	AC 230 / 400 / 690
Overpressure Alarm Signal	NC / NO
Power [kw]	0.18
Electrical connection type	4-core power cord
Flow Rate Range [L/H]	120
Filtration Precision [μ m]	3
Dirt Holding Capacity [kg]	2.4
Water Absorption Capacity [L]	1.2
Maximum Working Pressure [bar]	23
Maximum Working Pressure [psi]	334
Applicable Viscosity [cSt]	≤ 320
Temperature range [$^{\circ}$ C]	Max.85
Temperature range [$^{\circ}$ F]	Max.185
Filter Material	Aluminum Alloy
Filter Element Material	High-density Pulp Fiber
Bracket Material	Carbon Steel
Installation position	Wall-mounted
