

Description:

Sensor

Type:

OMS-CGD307

Technical data:

|                         |                     |
|-------------------------|---------------------|
| Type                    | OMS-CGD307          |
| Construction type       | Float               |
| Medium                  | Diesel oil          |
| Drive                   | Electromotive       |
| Operational voltage [V] | DC24                |
| Measuring range         | 0-3m(Optional)      |
| Electrical connection   | 4-pin aviation plug |
| Output signal           | Resistance / 4-20mA |
| Installation position   | Flange              |
| Temperature range [°C]  | -40 to +85          |
| Temperature range [°F]  | -40 to 185          |
| Protection class        | IP67                |
| Weight [kg]             | 1.6                 |
| Accuracy                | ±10mm,±20mm,±3%     |
