COMPANY PROFILE

Since 2018, Guangzhou Kingbaofang Ornaments Trading Co., Ltd. has been engaged in the crystal ornaments industry. Over years of healthy development, the company has risen to be a global leader in crystal manufacturing. Presently, the company has a constructed area of over 35,000 square meters and more than 200 employees. Committed to technological R&D and innovation, the company has acquired the most cutting-edge technologies in the industry.

The company has introduced millimeter-grade high-precision CNC crystal-cutting machines made in the Czech Republic. With years of relentless exploration, the company is dedicated to creating China's crystal products comparable to those from the Czech Republic. In the meantime, the company is staffed with highly collaboratively efficient production, R&D, sales and customer service teams. The close cooperation between these teams offers a substantial guarantee for our long-term stable supply and pursuit of perfection.

The consistent quality and philosophy of Kingbaofang will always be present throughout the entire product life cycle.
